

ROSEN INTRODUCES INTEGRATED NAVIGATION

FOR THE R6500 DOUBLE DIN IN-DASH SYSTEM

Rosen Entertainment Systems (Corona, CA) has created a fully integrated navigation system for the R6500 Double DIN in-dash DVD/CD/MP3/TV/AM-FM/AMP system. Working in conjunction with Horizon Navigation (Santa Clara, CA), a leading navigation solution supplier, this ROSEN proprietary design incorporates all the features found in Horizon's patented NavMate 2.1 system and can be controlled easily through the R6500's screen mounted or remote controls. Features include: GPS and direction sensing technology for current location at all times, menu-driven system for easy start-up and data entry, voice prompts and audio tones, 40 pre-programmed points-of-interest categories, easy to read icons and street names, full U.S. CD-ROM disc set, CD-ROM drive, GPS antenna, gyroscope, and much, much more.
